Unit 3 Facet and Facet analysis: Meaning and Definition

Presented By
Rashmi H.
Guest faculty,
Deptt. Of Library and Information Science,
MLSU, Udaipur

▶ FACET AND FACET ANALYSIS

▶ Facet –

- ▶ Every facet is an expression of a fundamental category

▶ Definition

- ▶ S.R. Ranganathan– “The totality of the divisions of a basic class, based on a single train of characteristics is said to constitute one of its facets ”

▶ FACET AND FACET ANALYSIS

▶ Definition

▶ B.I. Palmer and A.J. Wells–

▶ “The whole group of divisions or foci produced when a subject is divided according to a single characteristic.”

▶ Foci– Sub-isolates of any facet

▶ Focus– Each division in a facet is said to be an isolate focus or simply an isolate.
