Unit 2 Library Classification– Meaning and Definition

Presented By
Rashmi H.
Guest faculty,
Deptt. Of Library and Information Science,
MLSU, Udaipur

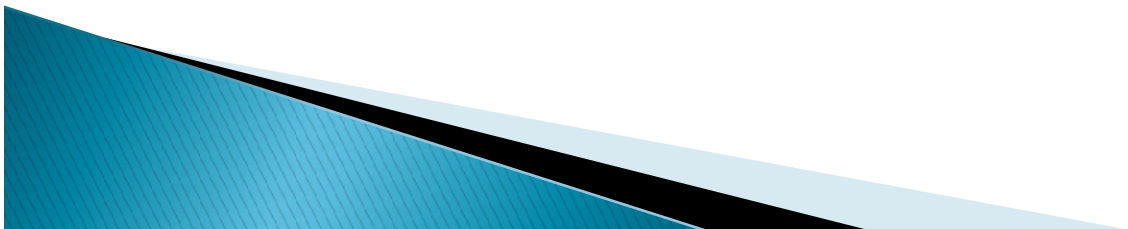

▶ Library classification

- ▶ Derived from Latin word classis meaning making class
- ▶ It means to classify library materials according to some specific scheme.

Definition

H. E. Bliss,— " A classification is a series or system of classes arranged in some order according to some principle or conception, purpose or interest, or some combination or such."

THANK YOU
