Plant-Microbe Interactions in Agro-Ecological Perspectives

Volume 2: Microbial Interactions and Agro-Ecological Impacts

Editors: Dhananjaya Pratap Singh, Harikesh Bahadur Singh, Ratna Prabha

Presents the most updated and integrated content on a thoroughly worked out subject area of plant-microbe interaction

Covers fundamental mechanisms, methodologies, and functional aspects of the subject

Generates better understanding by linking the experimental aspects to functions

Abstract

Fungal disease in crop plants from the past two decades has seen to be increasing which is
