14. Pass Rules for B. Tech. (4 Yr. Program)

The result of a candidate will be worked out at the end of each Semester Examination. The academic performance of a student is graded on a ten point scale. The letter grades, the guidelines for conversion of marks to letter grades and their equivalent grade points are as follows:

Table: 14.1

S. No.	Marks (x_i)	Grade	Grade Points
1	$x_i \geq 90$	O	10
2	$85 \leq x_i < 90$	A+	9.0
3	$80 \leq x_i < 85$	A	8.5
4	$75 \leq x_i < 80$	B+	8.0
5	$70 \leq x_i < 75$	B	7.5
6	$65 \leq x_i < 70$	C+	7.0
7	$60 \leq x_i < 65$	C	6.5
8	$55 \leq x_i < 60$	D+	6.0
9	$50 \leq x_i < 55$	D	5.5

10	$45 \leq x_i < 50$	E+	5.0
11	$40 \leq x_i < 45$	E	4.0
12	$x_i < 40$	F	0

1. For a Pass, candidate must obtain at least grade E for each theory and practical. If a student remains "**Absent**" or obtains "**Zero**" marks in any of external component of theory or practical, he/she will be awarded "**F**" grade, respectively and will be required to appear in the subsequent back examinations. "**F**" grade student while applying for back paper exam., may opt either of the following options :

- a) Wish to carry forward the previous marks of internal assessment.
- b) Wish to improve the internal assessment too.
- (i) Grace marks awarded will be maximum 6 marks per semester. Grace marks shall not be counted towards merit position.
- (ii) Revaluation and copy view system will prevail as per existing examination regulations. However, change of grade point of individual candidate after the revaluation will be independent and shall not affect the grade point of other students.
- (iii) For a back examinee the grade and grade point of a particular subject/paper shall be calculated on the basis of its appearance in present (appearing) examination.
- (iv) A student who fails in any theory paper of semester examination shall be eligible to appear in the back papers at the next ensuing examination(s) of the same semester. He shall have to clear all the papers, including back papers, of all the semesters in a time period equivalent to double the course duration (from the year of enrollment) without ceiling of number of attempts or as per check point scheme as notified by the university from time to time.
- (v) The result may include the absolute marks obtained by student in an individual subject with related grade. However, the mark-sheet will contain the Grade, SGPA and CGPA only along with the important related rules of CBCS system.

15.Semester wise SGPA:

$$SGPA = \frac{\sum_{i=1}^n c_i \times g_i}{\sum_{i=1}^n c_i}$$

where,

c_i = Number of credits of the i^{th} course of a semester for which SGPA is to be calculated. g_i =

Grade points obtained in i^{th} course

$i = 1, 2, \dots, n$ represent the number of course in which a student is registered in the concerned semester.

16. Overall CGPA:

$$CGPA = \frac{\sum_{i=1}^m c_i \times g_i}{\sum_{i=1}^m c_i}$$

where

c_i = Number of credits of the i^{th} course of a semester.

g_i = Grade points obtained in i^{th} course. The Grade, lower than 'E' (i.e. grade point < 4.0) in a course shall not be taken into account.

$i=1,2,\dots,m$ represent the number of courses in which a student was registered and obtained a grade not lower than 'E' up to that semester for which CGPA is to be calculated.

(i) The SGPA/CGPA shall be awarded in each semester.

(ii) SGPA/CGPA shall be rounded off to two decimal digits on higher side.

(iii) Final course merit will be decided on the basis of absolute marks obtained by an individual student considering relevant merit ordinance of the university. Revaluation result will be taken into account for deciding the merit of the students.

(iv) Conversion of Percentage to CGPA

Equivalent Percentage= 10 x CGPA

(v) Award of Division: The division of the student shall be awarded in the following manner (subject to the passing of all the semester courses):

Table: 16.1

1	CGPA > 7	1 st Division with Distinction
2	6 < CGPA < 7	1 st Division
3	5 < CGPA < 6	2 nd Division
4	4 < CGPA < 5	Pass

(vi) Maximum duration for the completion of course will be eight (8) years
